

PRATYUSH JHA

New Delhi, India | [7827696782](tel:7827696782) | pratyushjha06@gmail.com | [linkedin.com/in/pratyushjha06](https://www.linkedin.com/in/pratyushjha06) | github.com/pratyushjha06 | [Portfolio](#)

Summary

CSE undergrad with hands-on experience in Python, SQL, and Power BI across multiple data-focused projects. Skilled in EDA, data cleaning, and building visualisations that translate raw data into clear insights. Seeking a data analytics internship to apply analytical thinking to real-world business problems.

Education

Guru Gobind Singh Indraprastha University B.Tech in Computer Science and Engineering CGPA: 8.29/10	August 2024 - June 2028 (Expected)
Rukmini Devi Public School, Pitampura, Delhi CBSE Class XII 76.2%	2023-2024
CBSE Class X 92.6%	2021-2022

Technical Skills

- Programming Languages: Python, SQL, C, C++
- Data Analysis & Visualisation: Power BI, Tableau, Microsoft Excel (Advanced), Dashboarding, Data Visualisation
- Libraries & Tools: Pandas, NumPy, Matplotlib, Seaborn
- Database Management: MySQL, Data Querying, Data Cleaning
- Core Concepts: Data Analysis, Exploratory Data Analysis (EDA), Statistics, Data Interpretation
- Tools & Platforms: Git, GitHub, VS Code, MySQL Workbench
- Web Technologies (Basic): HTML, CSS, JavaScript

Projects

Employee Payroll Management System

Tech Stack: Python, SQL (MySQL), CLI

- Developed a CLI-based Employee Payroll Management System using Python and MySQL for efficient record handling.
- Implemented CRUD operations to manage employee data and payroll records.
- Automated salary calculations and generated monthly payroll summaries.
- Designed structured database schema for storing and retrieving employee information.

Dockfleet - Self-Healing Container Orchestration Platform

Tech Stack: Python, FastAPI, SQLite, Docker CLI, PyYAML, Pydantic, Typer, Alpine.js, Tailwind CSS

- Built a production-inspired container orchestration platform for deploying and monitoring multi-service Docker applications locally.
- Developed the Health & State Engine featuring HTTP/TCP/process-based health checks, crash detection, and automated container restart handling.
- Implemented background health polling scheduler and SQLite-based persistence for service status, restart history, and health logs.
- Contributed to self-healing workflows by integrating restart policies and failure tracking for improved service reliability.

Work Experience

Cryptivoxe

Founder & Team Lead

August 2025–April 2026

- Built and led a 3-member agency generating ₹92,000+ in client revenue across 7+ engagements spanning UI/UX, web development, and branding
- Designed end-to-end brand identity for fashion outlet Kapstylez, establishing a cohesive visual presence across digital channels
- Delivered a website performance audit with optimisation recommendations, improving page score by 34%
- Managed the full project lifecycle across engagements ranging ₹1,000–₹45,000, including scoping, execution, and client communication

Computer Engineering Students' Technical Association (CESTA)

Technical Associate

January 2025–August 2025

- Contributed to the technical execution of 2+ college events, including website setup and coordination.
- Conducted a web development workshop for 60+ students covering HTML, CSS, and JavaScript fundamentals
- Collaborated with team members to improve technical workflows.

Certifications & Achievements

- [FOSSHack 2026 - Winner](#) (Team) | Built an open-sourced project Dockfleet, winning among 2,360+ teams and 5,400+ participants. **(2026)**
- [CODEIGNITER-2025 - 3rd Place](#) (Team) | Earned Certificate of [Coding Excellence](#) at Delhi Technical Campus among 100+ teams. **(2025)**
- [IGDTUW InnoVortex 2.0 - Finalist](#) | Selected in top teams out of 100+ for UI/UX redesign of a live school website. **(2024)**
- XIM University ACM - 2nd Position | Won 2 competitive coding events: [Code Tiranga Challenge](#) & [Web Styledown](#). **(2025)**
- Data Visualisation: [Empowering Business with Effective Insights](#) — Tata via Forage. **(2025)**
